

# Biogeometry Energy System presents

A Biogeometry Workshop  
by  
Dr. Arch. Pier Paolo Alberghini

Saturday 29th September 2012  
From 9:30am to 5pm  
At Château de Bossey, White Room

BIOGOMETRY®  
*Dr. P. Alberghini*

## **For whom is this workshop**

Architects, planners and developers, Healers, Energy workers and anybody who is interested in balancing its own energy, living following the laws of nature and contributing to a more harmonic world.

## **How to harmonize and heal your living and working place as well as your body through BioGeometry?**

BioGeometry is a Science based on the resonance of geometrical shapes, numbers and colors. Invented by Dr. Ibrahim Karim, an Egyptian architect based in Cairo, Zurich and Montreal. He rediscovered the secrets of the pyramids of ancient Egypt and applies the Knowledge of this science to the contemporary world. During this workshop, Pier Paolo Alberghini will be introducing Dr. Karim's teaching with the following program:

- Meditation on *grounding* and connecting with mother Earth and with Higher Self
- BG Fundamentals: what is BioGeometry . and the role of this science in its multifaceted applications in today's world.
- BioGeometry and the first Skin: our home: your Body and how to harmonize it (how to harmonize past experiences of one's life so that one can proceed ahead with a sound -structured foundation- the "Staircase effect")
- BioGeometry and the second Skin: your Home and your place of work
- EMF\*: how BioGeometry can harmonize and change the quality of EMF and protect from high-tensions towers and cell phones and towers radiations
- BioGeometry devices to protect you from EMF\* in your home, work place and your car
- Geopathic Stress: Earth Grids and the BG harmonization of the quality of energy that could harm you because of what we have done to Mother Earth.
- Examples of Buildings designed with BioGeometry principles and their effect on the users.

---

\* Electro Magnetic Field

- BioGeometry examples on the application of its principles in Agriculture, Farm harmonization for better products growth, Water purification and the BG Bottle
- BioSignatures and the harmonizing effect on the energy of the body, the BG BioSignatures Medallion
- Power Spots and their role in the planning of cities
- Examples in several cities.
- Power Spots in Geneva, how to discover them, how to connect them and the potential positive effect that can transform the city in one of "Light"
- Easy and Practical applications of BioGeometry harmonization in your home that can be done by yourself.

## **Dr. Pier Paolo Alberghini**

Dr. Pier Paolo Alberghini is an architect graduated in Florence, Italy, with a Doctorate in Architecture, with honors. He is a registered architect in Italy and Canada. He has worked in Italy, New York State, Florida, Canada, West Indies and Middle East and is presently consulting in Switzerland in several projects.

During his long and successful career as an architect, he discovered BioGeometry in 2002 when he first attended a lecture of Dr. Ibrahim Karim, the inventor of BioGeometry and that changed his approach to design and building.

He has been working since then with Dr. Ibrahim Karim in several architectural projects and research. He is lecturing on

BioGeometry in North America, Switzerland and Italy. He is Vice President in the BioGeometry Energy Systems.

Graziella Zanoletti and Maria Dängeli are organizing this event.

## Practical information

### To register for the workshop

Maria Dängeli on 079 870 94 10 - [archmarie@bluewin.ch](mailto:archmarie@bluewin.ch) or  
Graziella Zanoletti on 079 202 50 06 - [graziella@eliterent.com](mailto:graziella@eliterent.com)

### Participation

CHF 150 (125€) early bird until 10 september and CHF 175 (150 €) after this date.  
Coffee breaks are included. For the lunch at the Château the cost is CHF 20, please confirm.

We will provide BG Pendulums for whom who do not have one. A choice of BG items will be available after the workshop. Check our website [www.biogeometry-products.com](http://www.biogeometry-products.com) or [www.shopandhelp.org](http://www.shopandhelp.org) if you wish some specific items. A Biosignatures exemplary booklet will be provide for you to tak

The course is in English, translation will be provided in French if requested.

### Location

Institut oecuménique                      Tél.: +41 22 960 7300  
Château de Bossey                      Fax: +41 22 960 7367  
Chemin Chenevière 2                      [www.oikoumene.org](http://www.oikoumene.org)  
CH 1279 Bogis-Bossey  
Suisse

**Come to Bossey by car:** The Ecumenical Institute is located in Bogis-Bossey nearby the villages of Chavannes-de-Bogis and Céligny, just off the main A1 motorway from Geneva to Lausanne, and 20km from Geneva international airport. The nearest motorway exit is marked Coppet-Divonne. As you leave the motorway, take the direction of the village of Chavannes-de-Bogis. As you drive through the village, you will see a signpost indicating a right turn towards the "Institut oecuménique"

**Come to Bossey by public transport :** From the central train station in Geneva or Lausanne, you can take a regional train to the stations in Nyon or Coppet. From there, using the same ticket, you can take the local bus to the stop "Céligny, village". It is about 15 minutes walk to the Institute, just follow the signs for the "Institut oecuménique".

**Come to Bossey by taxi :** From central Geneva, the airport and Nyon train station, the easiest (and most expensive) way to get to the Ecumenical Institute at Bossey is to take a taxi. It will cost between CHF 75 - 100 from Geneva, and less from Nyon. Inform the driver that your destination is the "Château de Bossey, near Céligny" as there are other places that have the same name.
